The Mayor gave details of engagements she has recently undertaken including a visit to Electric Palace to watch a film created by local school children called Electric Waves.

**152/09 MINUTES OF THE LAST MEETING**

**RESOLVED:** that the minutes of the meeting of the Town Council held on 27<sup>th</sup> January 2010 (previously circulated) be approved by the Chairman and signed as a true record.

**153/09 MEN'S HEALTH CLINIC AT THE FRYATT HOSPITAL, HARWICH**

Further to Minute 138/09 Councillor Calver proposed that Standing Orders be suspended after members had submitted their questions to Dr Paul Watson, Chief Executive of the North East Essex PCT.

Dr P Watson gave an update of the current situation of providing a Men's health Clinic at the Fryatt Hospital, Harwich which was considered by the PCT and declined in 2009 over two issues.

- 1) Duplication of services and, 2) practical management checks. Dr Watson confirmed that male/female health checks were about to be launched to patients aged between 40 to 75 as a preventative measure.

Councillor Rutson confirmed that Dr P Zollinger-Read had attended the Harwich Town Council meeting in January 2009 where the whole council agreed unanimously for a men's health clinic to be provided at the Fryatt Hospital. Councillor Rutson stated that Professor C Booth had also had a meeting but told there was no need for a men's clinic in Harwich.

Councillor Calver stated his concern that Dr Watson had no information on the outcome of previous meetings between clinicians and Professor Booth.

Dr Watson requested that both he and Council should go back to square one and start again.

It was proposed by Councillor Calver and seconded by Councillor Payne to suspend Standing Orders at 7.55pm

Sheena Parsons, Secretary of the Harwich Fellowship of the Sick asked when the proposal of a Men's Clinic was declined as the Fellowship has pledged £25,000 towards this project.

Dr Watson stated that it was declined during 2009.

Mr Chris Strachan, President of the Fellowship of the Sick, stated that there are issues and questions regarding duplications that should come from the PCT.

Dr Watson stated that this was the criteria and could not see what was different with what has already been offered.

Mr Strachan stated that this was the first time he had heard plans for male/female health checks.

Dr Watson confirmed that health checks do not cover urology problems.

Mr Strachan further stated that health checks cover some part of urology currently provided throughout Urology Clinics but was frustrated to see the new hospital under-used.

Dr Watson agreed that the hospital it is currently under-utilised and needs to develop with new local services but asked, what kind of services?

Mr Bernard Jenkin stated that he supported the proposal by Professor Booth and was surprised that after some considerable time, this was then dismissed and suggested the possibility to offer Men's Health Screening as a partnership between practitioners, rather than the provider of secondary care and achieved centrally at the hospital.

Dr Watson stated he was happy to look into Mr Jenkins proposal.

Standing Orders were resumed at 8.05pm
